

10 Reasons Not to Miss Our Native Plant Sale

Our local chapter of the [Calif. Native Plant Society \(CNPS - San Gabriel Mts. Chap\)](#) is holding its annual native plant sale this Saturday, Nov. 9, 2013. You will not want to miss this great sale because:

1. We will have over [1,800 plants](#), including more than 100 different kinds - all native to California and appropriate for gardens in the LA Basin. Most are 1-gallon, though there will also be some 4-inch, 3-gallon and 5-gallon plants.
2. Volunteers will be on hand to help you pick out the best plants for your garden --- or just to share gardening stories.
3. Our prices are excellent: All 1-gallon pots are priced at \$8.50, whether they are native irises, manzanitas, or delicious-smelling sages.
4. We are selling packets of wildflower seed mix for \$3/packet, \$2.50 if you buy 2 or more. The mix provides for continuous blooming for several months in spring and summer.
5. We throw in a free packet of seeds when you buy 5 or more 1-gallon plants or 2 or more 5-gallons.
6. All members (including those who sign up at the sale) get a 10% discount on all purchases.
7. We have a small number of member-propagated plants for sale including some Calif. blackberry, sticky cinquefoil, and California poppy. There are even a few oaks grown from acorns collected from ancient oak trees from the [Arcadia oak woodland](#) before the LA County Dept. of Public Works pulled these beauties out back in 2011 to have a place to dump sediment.
8. There will be free catalogs with plant care info. on the sale plants.
9. You can purchase the beautiful and informative CD, *Plants of the San Gabriel Mountain: Foothills and Canyons*, and the invaluable book, *Care and Maintenance of Southern California Native Plant Gardens*.
10. This is our only fund-raiser. All profits go to a great cause: protecting California's amazing native flora.

What: Into the Garden Native Plant Sale

When: November 9, 2013, Saturday, 9 am - 2 pm
