Fall 2017 Plant Sale

CALIFORNIA NATIVE PLANT SOCIETY - SAN GABRIEL MOUNTAINS CHAPTER

Abutilon palmeri

PALMER'S MALLOW

evergreen subshrub to 5' tall & as wide; gray, velvety leaves, apricot-colored flowers held above foliage; full sun, little to no water once established

Achillea millefolium

COMMON YARROW

perennial spreading underground, flower stalks to 3 feet tall; aromatic leaves & many heads of creamy-white flowers in spring; full sun/part shade, well-drained soil, moderate water

***Achillea millefolium* 'Island Pink'**

ISLAND PINK YARROW

mat forming perennial with dark green fern-like foliage; large clusters of bright pink flowers on 2' high stalks in summer; full sun to part shade, any soil, moderate water once established

***Achillea millefolium* 'Sonoma Coast'**

SONOMA COAST YARROW

low-growing spreading perennial, bright green foliage; large clusters of creamy-white flwrs on 2 ft. high stalks in summer; full sun to part shade, any soil, mod. water

Aquilegia formosa

WESTERN COLUMBINE

perennial, 2-3 ft. tall; nodding red & yellow flowers in spr-sum, good hummingbird plant; full to part shade, good drainage, moderate water

***Arctostaphylos* 'Emerald Carpet'**

EMERALD CARPET MANZANITA

groundcover, 6-18 in. high, with 6 ft. spread, shiny dark green leaves; small few-flowered clusters white flowers with touch of pink early spring; full sun to part shade, well-drained soil, some summer water

***Arctostaphylos* 'Howard McMinn'**

HOWARD MC MINN MANZANITA

dense, evergreen shrub to 8 ft. tall (usually less) and wider; many small white flowers in clusters in late winter; full sun/part shade, well-drained soil, little sum water, dependable & long-lived

***Arctostaphylos bakeri* 'Louis Edmunds'**

LOUIS EDMUNDS MANZANITA

upright evergreen shrub, 6-8 ft. tall, dark mahogany bark; olive-green leaves, showy clusters of pink flwrs in late winter; full sun/part shade, prefers well-drained soil, tolerates heavier clay

***Artemisia pycnocephala* 'David's Choice'**

DAVID'S CHOICE SANDHILL SAGEBRUSH

dwarf herbaceous perennial, dense rounded form; feathery silver-gray leaves, small greenish flowers in spikes; full sun to light shade, good drainage, some summer water

Asclepias fascicularis

NARROW-LEAF MILKWEED

perennial 3-4' tall, ascending stems, narrow, grn leaves; clusters of pinkish-wht flwrs in spr; food plant of monarch caterpillar; full sun, good drainage, little to no water once established

Asclepias speciosa

SHOWY MILKWEED

upright perennial 4 -5' tall with oval, hairy leaves;; clusters of wht/pink flwrs spring-summer; food of monarch caterpillars; full sun, tolerates most soil types & watering regimes

Atriplex canescens FOURWING SALTBUSH
evergreen rounded shrub to 6', gray foliage; flower clusters form on female plants, attractive four-winged fruits; full sun, no water once established, use for soil stabilization, naturalizing

Atriplex lentiformis BIG SALTBUSH
5-7' high and 6-8' wide, grown for gray or silvery foliage,; deciduous in desert, evrgn at coast; flowers & seeds attract birds; occasional deep watering, tolerates seashore & alkaline cond

Baccharis pilularis 'Pigeon Point' PIGEON POINT COYOTE BRUSH
evergreen groundcover 3 ft. high, 6 ft. wide; rounded, green foliage, small cream flowers; full sun, most soils, occasional watering, dependable

Berberis nevini [MAHONIA] NEVIN'S BARBERRY
6-10' high & wide, spiny blue-green leaves, ; frag yellow flwrs in spring, orange to scarlet berries; full sun, part shade, very drought tolerant, most soils

Berberis repens [MAHONIA] CREEPING BARBERRY
evergreen groundcover to 3' high, spreading by underground stems; blue-green foliage turns bronze in winter, yellow flowers in spring; sun to semi-shade, most soils, drought tolerant

Calamagrostis nutkaensis REED GRASS
densely tufted perennial grass to 3 ft. tall ; delicate flower spikes; full sun to part shade, needs some summer water

Calystegia macrostegia ssp. *macrostegia* 'Anacapa Pink' ANACAPA PINK CALIFORNIA MORNING
vigorous nearly evergreen vine, fast growing; pale pink flowers over long season, spring to summer; full sun to light shade, easy care, needs supplemental water

Carex praeegracilis CLUSTERED FIELD SEDGE
grass-like evgrn perennial, to about 1 ft., exc. spreading groundcover; best appearance (lush and green with ongoing water); sun to part shade, drought tolerant when established

Carex spissa SAN DIEGO SEDGE
clumping perennial, up to 4 ft. tall, grass-like with broad blades; gray-green blades, gold to red-brown inflorescences; part shade, moderate water, esp. in well-drained soil

Carpenteria californica BUSH ANEMONE
evergreen shrub 6-8 ft tall & nearly as wide; showy large white flowers in spring; drought tolerant, likes afternoon shade, little water once established

Ceanothus 'Blue Jeans' BLUE JEANS CALIFORNIA LILAC
evergreen shrub to 6 ft. high and 9 ft. wide; flowers dark lavender on stiff arching branches; full sun, occasional watering

Ceanothus 'Dark Star' DARK STAR CALIFORNIA LILAC
erect and compact shrub to 6 ft. high, 9 ft. wide; dark, evergreen leaves, flowers very dark blue; full sun to part shade, good drainage, occasional water

Ceanothus **'Frosty Blue'** FROSTY BLUE CALIFORNIA LILAC
evergreen shrub to 9 ft. tall and wide, fast growing; blue flowers tinged with white in late spring, tolerates heavy soils; drought tolerant, full sun, occasional watering

Ceanothus **'Joyce Coulter'** JOYCE COULTER CALIFORNIA LILAC
mounding, spreading evergreen shrub 2-4 ft. tall & 10 ft. wide; gentian-blue flowers in large clusters for many weeks in spring ; full sun to semi-shade, good drainage, occasional water

Ceanothus **'Owlswood Blue'** OWLSWOOD BLUE CALIFORNIA LILAC
large spreading shrub 8 ft. tall, 20 ft. wide; large leaves, large spikes of deep blue flowers in spring; drought tolerant, full sun to part shade, occasional water

Ceanothus **'Ray Hartman'** RAY HARTMAN CALIFORNIA LILAC
evergreen shrub 8 to 16 ft tall & wide, can be pruned to small tree; clusters of blue flowers, very robust and dependable; full sun to part shade, good drainage, occasional water

Ceanothus maritimus **'Valley Violet'** VALLEY VIOLET MARITIME CEANOTHUS
good small scale shrub or grdcvr 2-3 ft tall, 3-4 ft spread ; blooms early, violet flowers; full sun to part shade, good drainage, little summer water

Ceanothus thyrsiflorus var. *griseus* **'Diamond Heights'** DIAMOND HTS CARMEL CREEPER
evergreen groundcover to 2 ft. tall & 4 ft. wide; distinctive yellow-green variegated foliage; prefers light shade, good drainage, some summer water

Ceanothus thyrsiflorus **'Snow Flurry'** SNOW FLURRY CALIFORNIA LILAC
large evergreen shrub 10 ft. tall & wide; many white flower clusters in spring; drought tolerant, full sun, occasional water

Ceanothus thyrsiflorus var. *griseus* **'Yankee Point'** YANKEE POINT CALIFORNIA LILAC
evergreen shrub to 3 ft or taller, 10 ft. wide, grdcvr; prune erect branches to control growth, light blue flwrs in spr; full sun to part shade, good drainage, some summer water

Ceanothus thyrsiflorus **'Zanzibar'** ZANZIBAR CEANOTHUS
evergreen shrub, 5 - 8 ft tall and wide, variegated leaves; blue flowers; part shade, good drainage, some summer water

Cercocarpus betuloides MOUNTAIN MAHOGANY
large evergreen shrub to 20 ft tall, leaves grayish green; graceful seed heads in feathery plumes, good screen plant; drought tolerant, full sun, little water

Clinopodium douglasii [SATUREJA] YERBA BUENA
trailing, evergreen perennial with rooting stems and scented; small rounded leaves flowers white with some purple; for shade and semi-shade needs some extra water

Corethrogyne filaginifolia **'Silver Carpet'** [LESSINGIA] SILVER CARPET CAL. ASTER
prostrate, closely-branched shrublet, upright to decumbent; lavender-pink daisies summer into fall; full sun to part shade, good drainage, moderate to occasional water

Dudleya hassei SANTA CATALINA LIVE FOREVER
clump-forming, succulent perennial, grayish leaves in rosettes; white flowers on branched stems 1 ft. high; full sun to part shade, good drainage, little to no water once established

Elymus condensatus 'Canyon Prince' [LEYMUS] CANYON PRINCE GIANT WILD RYE
perennial grass with broad silvery blue leaves, ; clump-forming or spreading, 6 ft. high flower spikes in sum; sun to semi-shade, most soils, low to moderate water

Encelia californica CALIFORNIA ENCELIA
woody subshrub, bright green foliage, daisy-type flowers with; purple disc & yellow ray flowers, fast grower; drought tolerant, full sun, needs hard pruning in late fall

Epilobium 'Everett's Choice' [ZAUSCHNERIA] EVERETT'S CHOICE CALIFORNIA FUCHSIA
rhizomatously spreading, mounding perennial with grayish foliage; orange-red tubular flowers in summer & fall; prune hard early spring; full sun, good drainage, little watering once established

Epilobium 'Wayne's Silver' [ZAUSCHNERIA] WAYNE'S SILVER CALIFORNIA FUCHSIA
woody perennial to 1' tall, compact spreading growth habit; orange-red tubular flowers in summer to fall; prune hard early spring; full sun, good drainage, occasional water

Epilobium canum [ZAUSCHNERIA] CALIFORNIA FUCHSIA
2 ft. tall semishrubby perennial, ; green to grey-green leaves, red-orange tubular flowers; full sun, good drainage, little to no water once established

Erigeron glaucus 'Bountiful' BOUNTIFUL SEASIDE DAISY
clump-forming, herbaceous perennial; lavender daisies spring-summer; full sun coast, part shade inland, occasional to moderate watering

Eriogonum fasciculatum CALIFORNIA BUCKWHEAT
evergreen subshrub, 2-3' high & wide, white to light pink flowers; in spring, maturing to deep copper and bronze by fall, full sun; most soils, heat & drought tolerant, good for soil stabilization

Eriogonum fasciculatum 'Theodore Payne' THEODORE PAYNE CALIFORNIA
groundcover to 1 ft. tall & 4 ft. wide; white flowers in clusters on stalks above foliage in summer; full sun to part shade, some summer water

Eriogonum fasciculatum 'Warriner Lytle' WARRINER LYTLE CALIFORNIA
evergreen shrub, 1-3 ft tall by 4-5 ft. wide; white to pink flowers, selected for low growing, sprawling habit; full sun, most soils, little water after established

Eriogonum giganteum ST. CATHERINE'S LACE
evergreen shrub, 1-10 ft. tall & wide, gray-green white woolly leaves; many large clusters of white flowers turning rust with age, spr- sum; full sun, any garden soil, some summer water

Eriogonum grande var. rubescens RED ISLAND BUCKWHEAT
evergreen perennial, woody at base, to 2 ft. tall; leaves with wavy margin, pink to red flower clusters spr-sum; full sun, good drainage, prefers occasional watering

***Festuca* 'Siskiyou Blue'** SISKIYOU BLUE FESCUE
outstanding blue tufted perennial bunch-grass; 8-12 in tall & wide; in inland areas, best in partial shade; average water, easy to grow in most gardens

Fragaria chiloensis BEACH STRAWBERRY
evergreen groundcover that forms low, compact, lush mats; 6-12" high; white flowers; most soils; full sun coast, light shade inland, moderate watering

Fragaria vesca ssp. californica CALIFORNIA WOOD STRAWBERRY
spreading evergreen perennial 6-8" tall; white, rose-like flowers in spring; full to part shade; regular watering; in wild, common in forest undergrowth

***Frangula californica* 'Eve Case'** [RHAMNUS] EVE CASE COFFEEBERRY
evergreen shrub, 8-10 ft. tall and wide; shiny leaves, large berries; full sun to part shade, little to moderate water

***Frangula californica* 'Mound San Bruno'** [RHAMNUS] MOUND SAN BRUNO COFFEEBERRY
evergreen shrub, forms dense mound 3-4 ft tall, up to 10 ft wide; small clusters of cream-colored flwrs in may-july followed by berries; sun to shade, good drainage, moderately drought tolerant

***Gambelia speciosa* 'Bocarosa'** [GALVEZIA] BOCAROSA SHOWY ISLAND SNAPDRAGON
perennial to 3-4 ft tall w/ clambering, sprawling habit; bright red snapdragon-like flowers attract hummingbirds; drought tolerant, semi-shade, any soil, some water

Heteromeles arbutifolia TOYON
large, evergreen shrub to 15-30 ft tall; white flowers in clusters, showy red fruits persisting long into winter; sun to light shade, good for any soil, occasional water

***Heterotheca sessiliflora* 'San Bruno Mt.'** SAN BRUNO MT. GOLDEN ASTER
low mounding perennial less than 10" tall; abundant yellow daisy-like flowers in spring-summer; full sun, little water, needs periodic dead-heading

***Heuchera* 'Canyon Pink'** CANYON PINK CORAL BELLS
evergreen perennial with roundish, scalloped leaves; dark pink bell-shaped flowers on 1-2 ft. stalks; semi-shade, good drainage, some summer watering.

***Heuchera* 'Opal'** OPAL ALUMROOT
evergreen perennial; basal clusters of large scalloped leaves; white tinged w/ pink flwrs on 3 ft stalks, spr and early sum; semi-shade, good drainage, some summer watering.

***Heuchera* 'Rosada'** ROSADA CORAL BELLS
evergreen perennial with large, dark green leaves; light pink flowers on 2-3' high stalks; semi-shade, good drainage, some summer watering

***Heuchera* 'Wendy'** WENDY CORAL BELLS
evergrn perennial, rounded gray-green leaves, exc grdcvr for shade; light pink flowers on 3ft. tall stalks; semi-shade, humus soil, needs summer water

Heuchera maxima ISLAND ALUM ROOT
evergreen clumping perennial to 1' tall & 2' wide; round leaves & tall green/white flowers; part to full shade; occasional water; good under oaks

***Heuchera micrantha* 'Martha Roderick'** MARTHA RODERICK ALUM ROOT
compact evergreen perennial; small pinkish red flowers on graceful stems in spring; semi-shade, good drainage, needs some summer watering

***Heuchera rubescens* 'Yosemite'** YOSEMITE CORAL BELLS
low evergreen perennial groundcover; spikes of white flowers with rosy-pink blush; part shade to full shade, good drainage, nice in containers

***Iris* Pacific Coast Hybrids** PACIFIC COAST HYBRID IRIS
perennial with strap-like leaves, can go dormant in summer; usually showy blue, purple, or white flwrs; yellow, pink, earth-tone hybrids also available; full sun to part shade, regular water, little summer water

***Iris douglasiana* 'Canyon Snow'** CANYON SNOW DOUGLAS IRIS
evergreen perennial with strap-like leaves; showy, white flowers on 2 ft. high stalks in spring; full sun on coast, some shade inland, moderate to little summer water

***Juncus* 'Will Flemming'** WILL FLEMMING WIREGRASS
perennial, grass-like habit, up to 3 ft tall and wide; stiff deep blue-green stems; full sun to part shade, moderate water but accepts less

***Juncus patens* 'Elk Blue'** ELK BLUE RUSH
evergrn perennial, grass-like habit, 1-2 ft. tall and wide; stiff blue-green stems; full sun to part shade, regular water but accepts less

Keckiella cordifolia HEARTLEAF KECKIELLA
vining shrub to 6', bright green leaves,; tubular red flowers, attracts hummingbirds; sun to shade, likes cool roots, moderate water

***Lepechinia fragrans* 'El Tigre'** EL TIGRE FRAGRANT PITCHER SAGE
upright shrub 4-6' tall, furry, green, fragrant leaves; pink to lavender flowers in loose clusters spring to summer; sun, light shade, well-drained soil, mod. to occasional water

Linum lewisii BLUE FLAX
evergreen perennial, 2 ft tall small, bluish green leaves; blue flowers on slender stalks during most of summer; drought tolerant, full sun, occasional watering

Lonicera subspicata SOUTHERN CHAPARRAL HONEYSUCKLE
deciduous vining shrub; creamy white flowers in summer followed by orange berries; sun to part shade, some summer water

***Mimulus aurantiacus* orange** BUSH MONKEYFLOWER
woody shrub to 4 ft. tall, sticky green leaves; showy orange flowers, spring to summer; full sun, good drainage, some summer water

Mimulus cardinalis SCARLET MONKEYFLOWER
spreading perennial, 2 ft tall, light green, sticky foliage; tubular, bright red flowers late spring & summer; moist places in sun, part shade, needs summer water

Mimulus longiflorus SOUTHERN MONKEYFLOWER
evergrn shrub to 4 ft tall, sticky light green leaves; profuse deep red to yellow blooms; full sun or partial shade, naturalize or water monthly

Monardella 'Russian River' RUSSIAN RIVER COYOTE MINT
perennial, 2 - 3 ftt. tall, fragrant foliage; showy, lavender flowers in dense heads in spring; full sun to part shade, some summer water

Monardella macrantha 'Marian Sampson' MARIAN SAMPSON COYOTE MINT
low, spreading perennial up to 6" tall & 2' across; brilliant crimson flowers much of the year, attracts hummingbirds; sun to part shade, good drainage, little water once established

Muhlenbergia rigens DEERGRASS
densely clumped perennial grass with narrow leaves, 3 ft. tall & wide; narrow, cylindrical flower spikes to 4 ft. high, dormant in winter; sun to semi-shade, any garden soil, some summer water

Penstemon centranthifolius SCARLET BUGLER
herbaceous perennial, 1-3 ft. tall & almost as wide; gray foliage, bright red flwrs spr & sum, good for hummingbirds; full sun, part shade inland, little water once established

Penstemon heterophyllus 'Margarita BOP' MARGARITA BOP PENSTEMON
evergrn, herbaceous perennial, 2-3 ft. tall & wide; dense spikes of bell-shaped bright lavender blossoms spr to fall; full sun, good drainage, mod. to little water once established

Penstemon spectabilis SHOWY PENSTEMON
herbaceous perennial 2-4 ft. tall & almost as wide; lavender to purplish bell-shaped blossoms spring to summer; full sun, exc. drainage, little to no water once established

Philadelphus lewisii ssp. *californicus* 'Marjorie Schmidt' MARJORIE SCHMIDT WILD MOCK ORANGE
deciduous shrub to 8 ft tall; very fragrant pure white flowers in late spring; tolerates most soils, part shade to shade, moderate summer watering

Prunus ilicifolia HOLLY-LEAFED CHERRY
evergreen shrub or small tree, to 20 ft, shiny leaves; small whitish flowers in short dense racemes, red cherries in summer; full sun to part shade, suitable for hedges, occasional watering

Rhus integrifolia LEMONADE BERRY
evergreen, rounded shrub to 9 ft. tall & wide; small, pinkish white flowers in dense clusters; drought tolerant, any soil, occasional watering

Rhus ovata SUGAR BUSH
large, evergreen shrub, 10 ft tall, leaves dark green, leathery; pinkish white flowers in spring; drought tolerant, full sun, occasional watering

***Ribes sanguineum* var. *glutinosum* 'Claremont'** CLAREMONT PINK CURRANT
deciduous erect shrub to 6-8' tall pale green; extra long tassels of pink flowers in early spring; any soil, prefers semi-shade and some extra watering

Ribes speciosum FUCHSIA-FLOWERING GOOSEBERRY
deciduous shrub with gracefully arching branches, 3-6 ft. tall & wide; dense with spines and thorns, pendulous red flowers attract hummingbirds; drought tolerant, any soil, occasional watering

Ribes viburnifolium CATALINA PERFUME
low spreading evergreen shrub, dark green lvs on reddish stems; spicy, fragrant purplish-brown flowers, aromatic leaves; drought tolerant ground cover for shade, good under oaks

Romneya coulteri MATILIJIA POPPY
vigorous, spreading shrub, forming large clumps 6-10 ft tall ; grayish-green foliage, huge white flwrs in late spr, can be aggressive; full sun, good drainage, little water

***Salvia* 'Allen Chickering'** ALLEN CHICKERING SAGE
evergreen shrub, 4-5 ft tall & wide gray-green fragrant leaves; deep lavender flowers in whorled clusters in spring; sun, most soils, occasional water

***Salvia* 'Mrs. Beard'** MRS. BEARD SAGE
evergreen subshrub groundcover, 12-18" tall & 5' wide; blue flowers on spikes, long-lived & durable; full sun to light shade, good drainage preferred, little watering once est.

***Salvia* 'Whirly Blue'** WHIRLY BLUE SAGE
s. *clevelandii* hybrid, grows to 4' tall, fragrant silvery foliage; large whorls of bright blue flowers; full sun, occasional summer water once established

Salvia apiana WHITE SAGE
herbaceous shrub, 5 ft tall & wide, silvery-gray foliage; white flwrs in lax spikes in spr, aromatic leaves; drought tolerant, full sun good drainage

Salvia chionoeplica BAJA SAGE
evergreen, woody perennial from baja california; spikes with whorls of lavender flowers in spring, fragrant; full sun, good drainage, little to no water once established

***Salvia clevelandii* 'Winnifred Gilman'** WINNIFRED GILMAN CLEVELAND SAGE
rounded, woody perennial to 3-5 ft. tall & about as wide; intense violet-blue flowers with ruby red stems spring & summer; full sun, requires good drainage, little to no water once established

***Salvia leucophylla* 'Point Sal Spreader'** POINT SAL SPREADER SAGE
evergrn shrub, 5 ft tall & wide, with draping habit; rose-lavender flowers, bracts often purplish; full sun, good drainage, drought tolerant, water to establish

Salvia spathacea HUMMINGBIRD SAGE
evergrn perennial with creeping rhizomes, fragrant leaves; purple-red flowers on 2 ft stalks, hummingbirds enjoy; semi-shade, humus well-drained soil, summer water every 2 weeks

Simmondsia chinensis JOJOBA
dense, much branched evergreen shrub 3-6' tall to 6' wide; dull green flowers seeds contain liquid wax; full sun, good drainage very drought tolerant once established

Sisyrinchium bellum BLUE-EYED GRASS
tufted perennial, deciduous in summer, 12 in. tall with grass-like leaves; blue flowers on slender stems in spring; drought tolerant, full sun to part shade

Sisyrinchium bellum 'Rocky Point' ROCKY POINT BLUE-EYED GRASS
clump forming perennial, compact habit, to about 4 in.; dark blue flowers in spring to summer; full sun to part shade, most soils, moderate water

Solanum xanti 'Mountain Pride' MOUNTAIN PRIDE PURPLE NIGHTSHADE
herbaceous perennial to 2' tall & as wide; abundance of deep purple flowers in spring; full sun to part shade, good drainage, little water once established

Symphoricarpos mollis CREEPING SNOWBERRY
deciduous trailing shrub, 1-3' tall with rounded light green leaves; small clusters of pink flowers in spring, white berries in fall; semi-shade, most soils, little watering

Symphotrichum chilense 'Point St. George' [ASTER CHILENSIS] POINT ST. GEORGE ASTER
low growing, spreading perennial to 8 in, can be invasive in gardens; pale lavender-blue flowers spring to summer; full sun to part shade, regular water, any soil

Trichostema lanatum WOOLLY BLUECURLS
shrub to 4' tall, dark-green foliage, spikes of woolly, purplish-; blue flowers spring to summer, do not disturb roots when; planting, full sun, establish before summer to avoid summer water

Verbena lilacina 'De La Mina' DE LA MINA LILAC VERBENA
round, evergreen shrub 2-3 ft high, divided lvs give lacy texture; deep lavender flowers are fragrant, good container plant; suitable in many situations, full sun to partial shade, little water

Vitis girdiana DESERT WILD GRAPE
deciduous vine, fast growing, robust, stems to 18 ft. long; small bluish-black grapes in fall, leaves turn yellow before dropping; sun to semi-shade, any soil, moderate water

Woodwardia fimbriata GIANT CHAIN FERN
large evergreen fern with arching fronds to 5 ft long; dramatic, large, upright fern, cut back old fronds in winter; semi-shade to shade, humus soil, needs summer water
