

Wild Suburbia

This short post is just to let you know that I have not forgotten that I promised a third article on tree care for mature specimens. It is coming! Promise! Also wanted to remind viewers about my upcoming class at [Theodore Payne Foundation](#) on [Inviting Wildlife into the Garden](#). The class is scheduled for this Saturday, March 10, 1:30 - 3:30 PM. If you are interested in attending, please call TPF to register.

But what I really wanted to share with you are a couple of pictures of our new additions, two baby hummingbirds. Almost as cute as my granddaughter. Well not really!

Feeding her young.

Two little beaks pointing up towards mama.

Hope your garden is growing wild.
